BOOK SYNOPSIS

If you're new to After Effects and want to get up to speed quickly, After Effects Apprentice was created just for you. With 11 core lessons plus a hip final project that pulls it all together, you'll learn how to tap this program's vast potential - whether you want to create motion graphics for network television, corporate communications, or your own work. Fully updated to cover After Effects CS4, this book presents a professional perspective on the most important features a motion graphics artist needs to learn in order to use this program effectively. You'll learn to creatively combine layers, animate eye-catching titles, manipulate 3D space, key and stabilize a shot to place it in a new environment, and use effects to generate excitement or enhance the realism of a scene. DVD contains: All exercise source material and projects, guided video tours, and movies of the finished projects.
