BOOK SYNOPSIS

Andy is a romance author who has no desire to find her true love, doing so only brings heartbreak and sorrow. Her grandmother and mother are proof of this. They found their soulmates but are not allowed to be with them. There were rules, and rules are meant to be followed. Walt, Alpha of the Lupinski Clan, an international multi-shifter community, is everything you'd expect an alpha to be. Tall, sexy, smug, confident, and covered in mouthwatering tattoos. He's determined to change the way things have always been and bring his clan into the future. He can't afford any distractions. Andy's perfectly comfortable in her relationship of convenience, until the day she comes home early. Driving away with no destination in mind to think, she finds a group of hot, sexy men in a bar, in the middle of nowhere. It felt like she belonged. Like family. Up until the owner, Walt, walks in. What unfolds will change everything for the better or destroy two families for good.
